NJFA Honored by Family Resource Network

Trenton- The New Jersey Foundation for Aging (NJFA) was presented with a Community Service Award from Caregivers of New Jersey, part of the Family Resource Network. The award was received on September 22, by NJFA President, Roberto Muñiz, at the Family Resource Network's 2009 Annual Awards Ceremony.

The Award Ceremony was held at the Robert B. Meyner Reception Center at PNC Bank Arts Center in Holmdel. The program was attended by staff from the Family Resource Network and its affiliates, community members, and other organizations that are involved with or were honored by Family Resource Network.

Eric Joice, Director of Caregivers of New Jersey, presented the Community Service Award to NJFA, citing the Foundation's work, including a Caregiver Campaign that was aimed at helping caregivers identify themselves and alert them to available resources in the community. Mr. Joice added that it is evident that if organizations like NJFA and Family Resource Network continue to work together there is much that can be accomplished to help our community's most vulnerable and their caregivers.

The Family Resource Network consists of Autism Family Services of New Jersey, Caregivers of New Jersey, Epilepsy Foundation of New Jersey and Family Support Center of New Jersey. For more information visit www.familyresourcenetwork.org.

The New Jersey Foundation for Aging was established in 1998 with a statewide mission to support and promote innovative programs and public policy that enable older adults to live in the community with independence and dignity. In addition to caregiver issues, the Foundation has also looked at issues of the older worker, transportation and elder economics.

To learn more about the work of the Foundation visit www.njfoundationforaging.org or call 609-421-0206.
