Aging Insights: Stop Identity Theft

Trenton— The February episode of *Aging Insights* is titled *Stop Identity Theft*. This really is an ageless dilemma which may strike a person out of the blue. On this program NJFA's Executive Director, Grace Egan speaks with Jim Wilcox a Risk Management Expert from the Affinity Federal Credit Union and Steve Lee Director of the NJ Division of Consumer Affairs. Often victims have unknowingly left themselves vulnerable, but now the widespread incidence of computer hacking has upped the game and threat.

The New Jersey Foundation for Aging (NJFA) is a non-profit with the primary goal to empower elders to live in the community with independence and dignity. The strategies to *age well* are voluminous. Consequently, the Foundation uses several messaging platforms to highlight resources to *age well*. For example, *Aging Insights* is a 30-minute TV program that is produced monthly, and *Renaissance* magazine a quarterly publication can also be found online at www.njfoundationforaging.org/renaissance-magazine. The work of the NJ Foundation for Aging is made possible by donors. Sponsorship spots are available for future shows. To make a donation to NJFA or to become a sponsor, please visit our website, www.njfoundationforaging.org or call the office, 609-421-0206 for more information.

Aging Insights shows are broadcast on more than 66 public access stations and may also be seen on NJFA's website, www.njfoundationforaging.org/aging-insights or on YouTube. We are interested in expanding the broadcast network to other municipal public access stations. Let us know if your town wants to broadcast the show.
